

Hygiene concept for the Cross-sectoral ISIMIP and PROCLIAS Workshop 2022 | May 2022

Please comply with the following regulations

- Participants in a meeting at PIK may only be persons who have a negative test result from an antigen rapid test, which is not older than 24 h. PIK staff can take advantage of the self-test offer at PIK.
- External participants are able to show it to the meeting organiser upon arrival.
- Before the start of the meeting, all participants will sign the attendance list, in which they confirm to be tested; the meeting organiser will keep the list for exactly 4 weeks and will dispose/delete it.
- Medical or FFP2 masks are obligatory during the meeting, if minimum distances of 1.5m between all participants cannot be maintained
- Masks can be taken off, if minimum distances of 1,5m are maintained
- Meeting rooms must be permanently aired during use or at least intermittently aired every 30 min.
- FFP2 masks or medical mask must be worn during meeting breaks, during the arrival and departure of participants.
- The intake of food and drinks can only take place in sufficiently large and well-ventilated areas or ideally outdoors in the fresh air, as no mask is worn during this time.
- FFP2 masks or medical mask must be worn in communal areas of PIK buildings, such as stairways, corridors, restrooms, elevators, etc.
- For meetings with catering services, the instructions of the service staff or their notices must be followed.
- We kindly ask everyone to bring an own pencil in order to fill up registration forms
- Stationary Microphones for the audience are not to be touched by the users or only if urgently necessary
- Shaking hands and hugging as well as touching the own face should be avoided.
- Regular long and thorough hand washing with soap (at least 20 seconds) is recommended, additionally hand disinfectants are available in all PIK buildings.
